ENSURING MEANINGFUL ACCESS TO VICTIMS OF DOMESTIC VIOLENCE WHO ARE DEAF, HARD OF HEARING, AND DEAFBLIND

Webinar #2 of 3
Communication Equity: Why It Matters?

Ashley Benton, MSW, Deaf/DeafBlind Services Coordinator
Blaire Johnston, M.ED, CRC, Charlotte Regional Center Manager
Tony Davis, MSW, Accessibility Resources Coordinator

May 11, 2022
1. There are over 48 million Deaf, Hard of Hearing and DeafBlind people in the United States and over 1.2 million in North Carolina.
   a. True
   b. False

2. When scheduling an appointment, it is common for Deaf, Hard of Hearing and DeafBlind individual to think: The scheduler has no experience working with people with hearing loss; therefore, accessibility has not been considered.
   a. True
   b. False

3. What does “nothing about us without us” mean when it comes to working with the Deaf, Hard of Hearing and DeafBlind populations?
   a. You can make decisions on our behalf as long as you have good intentions.
   b. Our communication needs are not solved by a one size fits all approach, ask us each about our individual communication needs.
   c. No policy should be decided by any representative without the full and direct participation of members of the Deaf, Hard of Hearing and DeafBlind communities.
   d. B & C
Training Objectives for Webinar 2

• Gain awareness of and recognize the importance of communication equity
• Understand what “Nothing about us without us” means when working with and serving Deaf, Hard of Hearing and DeafBlind employees and consumers.
• How to be an ally to Deaf, Hard of Hearing and DeafBlind individuals
• Learn about Deaf Culture
• What Deaf, Hard of Hearing and DeafBlind value in services by providers
• There is not a “one-size fits all” approach to accommodating hearing loss
• What are best practices for working with hearing loss populations
It Matters Because Hearing Loss is a Hidden Disability

- A hidden disability that is often overlooked or misunderstood
- The Goal: Effective Communication
  - It’s a **Simple Goal**!
  - Achieving it is **Complicated**!

The Impacts of Hearing Loss Can Be Difficult to See
Everything That We Don’t See on the Surface

Socialization
Health Implications
Quality of Life
Mental Health
Independence
Employment
Relationships
Financial
Self-Esteem
Unaware of Resources
Education
The Deaf, Hard of Hearing, and DeafBlind Experience

Common assumptions related to attending an appointment, meeting, or event:

- “The scheduler has no experience working with people with hearing loss; therefore, accessibility has not been considered.”
- “The scheduler assumes that it is my responsibility to provide my own accommodations.”
- “I will have to wait to show up, to see if accommodations will be provided.”
- If last minute appointment such as an emergency intake, “I will have absolutely no way to effectively communicate.”
- “I will have to explain and cite federal accessibility laws to convince the scheduler that they are obligated to provide accommodations and then guide them in the process of obtaining accommodations.”
The Deaf, Hard of Hearing, and DeafBlind Experience

• Hypervigilance

• Advocacy Exhaustion

• Distrust of System
  – Can lead to victim choosing to stay in dangerous and/or abusive situation
It’s Not One-Size Fits All

Hearing Loss – not all the same

Deaf
  • Primarily uses ASL
  • Some may use Certified Deaf Interpreter (specialization)

Hard of Hearing
  • Most do not understand ASL
  • May prefer Communication Access Real-Time Translation Captioning
  • May use hearing aids, cochlear implant or assistive listening device

DeafBlind
  • May use ASL, Tactile or other Sign Language
  • May use hearing aids, cochlear implant or assistive listening device
  • May use support service provider
The Communication Equity Experience

We Feel Fully Included and Engaged

Outcome

Deaf

Experience Communication Equity

Hard of Hearing

DeafBlind

NCDHHS, Division of Services for the Deaf and Hard of Hearing
The Communication Equity Experience

We Feel Fully Included and Engaged = We feel a sense of belonging
An interpreter interprets between English and ASL.

Interpreting is the act of conveying meaning between people who use signed and/or spoken languages.
DeafBlind Interpreting

Sign language Varieties

• Close vision signing
• Small signing space
• Tracking
• Tactile
  – One-hand
  – Two-hands
• Fingerspelling
Communication Access Real-Time Translation (CART)

- Communication Access Real-Time Translation (CART)
  - Can provide equal access to communication for some individuals with hearing loss. CART is a real time, word-for-word transcription of the spoken language created by a live, certified professional also known as a CART provider.
How Could One Foster Inclusion in the Way One Plans an Appointment, Meeting or Event?

• Make the change
  – Add communication access to your procedures
    • Even last-minute meetings require accommodations
  – Have a list of ASL interpreters and CART agencies that can be utilized
    • Train your staff how to schedule communication access
  – Understand your obligation under accessibility laws to provide accommodations
  – Budget for communication access
  – Advertise well in advance that your event will have ASL interpreters and CART if requested
Do Deaf people really have a culture?

- Has identification, social protocols, art, entertainment, recreation, attitude, traditions and values. All of these define culture
  - Values:
    - Community and culture built on the shared language of ASL
    - Collective culture that values sharing information, resources and supporting one-another
    - Deaf history and Deaf heritage is passed down through storytelling, folklore and shared experiences
    - Visual communication through sign language, visual and tactile alerts

- Hard of Hearing
  - Typically searching for a place to fit
Hearing Privilege

- Incidental Learning
- Open Attendance Community Events and Workshops
- No Planning Required
- Choices in Seating
- Multi-task
- Listen and Read at the Same Time
What Can You Do?

Be patient
- Identify yourself
- Allow time to read documents
- Wait for the microphone
- No eye rolls

Be empathetic
- Be sensitive to advocacy exhaustion
- Include your Deaf/Hard of Hearing/DeafBlind consumers in conversations
- Get to know your Deaf/Hard of Hearing/DeafBlind consumers, establish a rapport

Respect your consumers
- Plan communication access – have a plan to include all
- If not sure, ask what will work best – they know what works best
- Know they can be independent – contact the right people regardless of hearing status
NC Division of Services for the Deaf and Hard of Hearing (DSDHH)

Administrative Office
Raleigh

Seven Regional Centers
cover all 100 counties

Services to agencies,
organizations, businesses

Capacity-Building

http://www.ncdhhs.gov/dsdhh

We are NOT a stand-alone agency
that duplicates the services of
other agencies and organizations

Technical assistance such as training
and consultation on policy, cases, and
best practices for staff, including
decision-makers and front-line
workers, to build their capacity to
serve D/HH/DB people effectively

No charge for our services
Putting It All Together

Put learning into action

• What are you going to do with your new knowledge
  – What gaps do you recognize in the current system?
  – If you attended Webinar #1 and had a glimpse of what it is like for a survivor with hearing loss?
• What do you recognize as the biggest barriers
  – If you could change anything now (instantly), what would it be?
