She noted that there were three vacant council seats available. The elections took place on Saturday, June 13, 2015.

VIII. GUEST SPEAKERS:
(a) Identification of perceived obstacles/barriers to employment/promotional opportunities for American Indians and solutions or recommendations (seeking information from Commission members): Ms. Brenda Dixon, HR Consultant, N.C. Office of State Human Resources, presented this item as follows:
- Demographic: The demographic composition of the workforce in particular the minority groups or people with color, such as American Indians, Asians, Pacific Americans, etc.
- Seeking Information: OSHR needs an in-put from the Commission as to what they perceived as the obstacles/barriers to employment or promotional opportunities that the American Indians in State Government are facing.
- Job Postings: It was noted that the job vacancy postings are based on Categories, Counties, and Agencies.
- EEO Plan: Ms. Dixon informed that every state agency does have an Equal Employment Opportunity plan (EEO plan). Due date to submit the plan is by March 1st of each year.
- Discussion: Commission members and audience present were asked to participate in the discussion and provide a feedback.

Questions and Comments from Commission Members:
The following was noted:
- Previous data indicated that American Indians were on the lower end of the spectrum. The data also indicated that the hiring consideration was minimum.
- It was suggested that job vacancies should be disseminated in rural areas through Tribal offices.
- Based on the data provided, American Indians were considered for low income positions (State and University job positions).
- It was suggested that during the voting season, American Indians need to ask their prospective candidates the following question: “What is your commitment to appointing American Indians in higher positions/State Official level, if they qualify for the position?”
- It was suggested that job vacancies posted on-line need to be user friendly.
- Higher job positions need to have the community support. American Indians need to promote other tribal members who qualify for the vacant positions (State Officials or Municipal).
- It was indicated that the Native Indians have a hard time finding suitable jobs.
- Commission members pointed out to the word “minority” it needs to be replaced with “American Indian”.
- It was noted that the rural areas have technology difficulties.
- It was discussed that low income jobs positions need to be promoted in rural areas through tribal offices. The job applications need to be “user friendly”. Most people in rural areas do not have access to the internet or social media.
- Barriers to employment/promotional opportunities within the agencies were discussed.
- Ms. Dixon responded that promotional opportunities within OSHR are fair and equitably handled.
Ms. Dixon indicated that the OSHR job pool for consideration needs to go up. She suggested that more qualified applicants need to apply.

Ms. Dixon clarified that the EEO plan has its standards in place. She expressed that the management were made aware of the EEO goals “to hire minorities in the workforce”. She pointed out that the administration needs to be committed.

Ms. Dixon expressed that the justification memorandum were required by OSHR on the prospective candidate for hire “who is selected and why” and the justification on the reject applications “why the other candidates did not meet the requirements” were requested for record purposes. She added that this was part of the EEO plan.

Ms. Dixon concluded that she would compile the responses and recommendations received during the presentation and will share her report with Mr. Greg Richardson at a later date.

Chairwoman Revels thanked Ms. Dixon for her presentation. She suggested that Mr. Elk Richardson, Workforce Investment Act (WIA) Program Manager, along with other Commission members need to follow-up with Ms. Dixon to explore the opportunity on “how to promote job openings in rural areas”.

Mr. Greg Richardson suggested that OSHR need to set up a booth during the Indian Unity Conference, or other conferences and Tribal meetings to get the word out. Ms. Dixon informed the Commission that this would be one of the recommendations she would take back to her department.

(b) Honored Guest Speaker, Dr. Robin Cummings, Chancellor Elect, UNC at Pembroke:
Chairwoman Revels introduced Dr. Robin Cummings. She announced that Dr. Cummings was a former member of the N.C. Commission of Indian Affairs and Chairman of the Commission’s first Indian Health Initiative. She indicated that Dr. Cummings was recognized for his work and dedication, during his tenure on the Commission.

Dr. Cummings, is a member of the Lumbee Indian Tribe and a graduate of the University of North Carolina at Pembroke. He graduated from Duke University Medical College as a UNC Board of Governors Medical Scholar. Dr. Cummings is a board-certified general and cardiothoracic surgeon. He was looking forward to working with the professors and students at the university. He noted that UNC Pembroke has great potential and a bright future.

Dr. Cummings presentation included a brief history on the university. UNC at Pembroke started 128 years ago; he informed that at the end of the civil war, seven American Indian men had the vision to start a school to teach American Indian students. They had an inspirational vision “Education is the key to success for American Indian students”. Dr. Cummings expressed that he would like to build upon the American Indian heritage. UNC at Pembroke is the only four year university that was started by and for American Indians. He highlighted the demographics of the school. He noted that the university has the lowest tuition. Pembroke University serves a thirteen county area.

Dr. Cummings expressed the future vision and goals for the university to someday have a free standing building separate from the present university. The new “South-East American Indian
school” will specialize in the following: American Indian Governmental Policy, American Indian Culture, American Indian Health in the US, etc. He informed that President Ross introduced the idea to start this new school and that he was here to present this vision to the Commission of Indian Affairs. Dr. Cummings expressed that this future project will take time, effort and money to build the new school.

Commission members asked clarifying questions. Dr. Cummings was invited to be an honored guest speaker at the 2016 Indian Unity Conference in March of next year. He graciously accepted the invitation and requested a follow-up confirmation via email. Commission members expressed that they were very proud of Dr. Cummings accomplishments and wish him the very best in his future endeavors.

Dr. Cummings concluded that he was here to advocate this new vision of the university that it needed the resources to fund the project. He expressed that he was honored to present the new vision of UNC at Pembroke to the Commission.

Chairwoman Revels noted that the Commission needs to start recognizing the young students for their academic achievements at the quarterly meetings.

IX. Definition of Type I and Type II Transfer pertaining to the Commission: Mr. Mark Teague, Attorney, NC Department of Justice presented this item. The following was discussed:

- Potential transfer of the Commission of Indian Affairs (CIA) from the Department of Administration (DOA) to the Governor’s office. The proposal was included in the Governor’s budget that was submitted to the State Senate.
- It was noted that the House Budget has been introduced and it did not include the creation of the “Office of Community Services” within the Governor’s office, which indicated the transfer of the Commission of Indian Affairs along with the other advocacy agencies listed under DOA to the Governor’s office.
- Mr. Teague reiterated that the House budget does not include the creation of the Office of Community Services and the transfer of the Commission of Indian Affairs to the Governor’s office.
- He noted that the Senate’s version of the budget would be announced in a couple of weeks.
- Mr. Teague read the changes listed in the General Statutes 143B that pertains to the transfer of the Commission of Indian Affairs.
- He identified the two changes: (a) Transfer the Commission of Indian Affairs from Department of Administration to the Office of the Governor. (b) GS143B-410 NC State Commission of Indian Affairs-fiscal records.

This transfer shall have all of the elements of a Type I transfer, as described in G.S. 143A-6”. He noted that the make-up of the Commission would not change. It makes no composition of the Commission members. He explained that the Commission members would be selected in the same way as it occurs now. The Governor would still appoint the Chair of the Commission.

  - In Type I transfer, the first paragraph means move from one department to another. The second paragraph means the division is directly controlled by the Governor.
  - In Type II transfer, the third paragraph means the transferring intact of an existing agency, or part thereof, to a principal department established by this Chapter. The agency shall exercise all its prescribed statutory powers independently of the head of the principal department, except that under a Type II transfer the management functions of any transferred agency, or part thereof, shall be performed under the direction and supervision of the head of the principal department. The term “management functions” means planning, organizing, staffing, directing, coordination, reporting and budgeting.
  - Mr. Teague indicated that the Commission of Indian Affairs is currently a Type II transfer. He confirmed that there would be no changes, which means CIA would still be operating under a Type II transfer in the new proposal.
  - Commission members requested a copy of the G.S. 143A-6.
  - Chairwoman Revels thanked Mr. Teague for explaining the general statute. She expressed that the transfer was more likely not going to take place due to the cost involved.

- **Positions slated to be abolished/Justification to retain positions**: Any vacant positions that are vacant for 365 days are slated to be abolished under the current process. It was noted that the Commission of Indian Affairs has a number of positions that are considered as temporary positions due to the changes in grants. These temporary positions are working under the full time positions. Mr. Greg Richardson expressed his concerns to the Secretary’s office, he noted that there is an ongoing discussions on this topic. He explained that even though the positions would be abolished, the funding for the temporary employees would be transferred to a temporary position line item. He reiterated that CIA would not lose the funding but would lose the full time position. This would affect the position in the Talent Search Program and a position in the Section 8 Housing Program.

- **Governor’s Crime Commission for the Domestic Violence Grant**: Mr. Greg Richardson informed Commission members that the Division has received a confirmation letter from Governor Pat McCrory. He is scheduled to attend a meeting on June 24, 2015 to implement the grant. He indicated that it was a 21 month grant.

  Mr. Greg Richardson shared his concerns on the following: The program would have to create a new position for this new grant. The application process would take up to 30-90 days in the system. He noted that the division is reviewing the process and assured that the program will not be impacted.

- **Legislation Tracking**: Highlights of the legislation tracking activities regarding “American Indians” are listed on the handout. The details include the bill number, description and dates.

- **Tuscarora Nation of North Carolina – Petition for State Recognition**: The Recognition Committee has appointed a sub-committee to start preparing findings and recommendations.

- **Joint Legislative American Indian Affairs Caucus**: Representative Charles Graham hosted a meeting of the Joint Legislative American Indian Affairs Caucus on Tuesday, May 19, 2015. The Tribal leaders were invited to this meeting. Rep. Graham gave an overview of all the bills listed in the legislation tracking handout.

- **Office of Minority Health**: Mr. Greg Richardson met with the new Director, Mr. Cornell Wright to brief him on the work of the Commission. Mr. Greg Richardson indicated that he and Dr. Cummings addressed their concerns with Dr. Aldona Wos, Secretary for DHIIS.

- **US Forest Service – Presidents National Pollinator Initiative**: The Commission of Indian Affairs is collaborating with the US Forest Services regarding this initiative. It was noted that the bee population was declining; therefore, efforts are underway to increase the bee population. The goal of the initiative is to promote the health of honey bees and other pollinators, by planting flower that attract bees in the community. - **Eagle Feathers:** Mr. Greg Richardson shared information about a Native American student that was denied the right to wear the eagle feather at his graduation ceremony. The eagle feather was awarded to the student from his tribal elders for his educational accomplishments. The Native American Rights Fund (NARF) defended the student and won the lawsuit, thus providing a victory for the Native American culture and religious freedoms. NARF has a long history of assisting students who are prohibited from wearing eagle feathers at graduation ceremonies due to narrow graduation dress codes. Mr. Greg Richardson wanted to shed some light on this story.

- **Guest Introduction:** Mr. Greg Richardson introduced the two guests present at the meeting. Mr. Maxwell William, doctoral student in Geography at the University of North Carolina at Chapel Hill and Ms. Fredena Revels, Health Policy Advisor, Office of the Speaker, North Carolina General Assembly.

**Questions and Comments from Commission Members:**

The following was noted:

- Commission members asked clarifying question on why the full time position was kept vacant for a long period of time.
- Mr. Greg Richardson explained that the Talent Search Counselor servers two counties (Hoke and Columbus). It was the management decision to split the position into two to save on time and mileage in order to better serve the students. One position split into two positions. The system is recognizing that the full time position has two temporary employees. The program will not lose the funding but can continue with the temporary employees. Mr. Greg Richardson expressed that the division does not want the full time position abolished, just in case the temporary employees do not work out.
- Chairwoman Revels commented on the Native American student that was denied to wear the eagle feather for his graduation. She was pleased to note that he sought assistance from NARF. The eagle feather represents the pride of the tribe, people and the heritage.

Chairwoman Revels requested Commissioner Roy Maynor to bless the food for the Commission.

*Chairwoman Revels announced a short recess for lunch.*

*Lunch break, meeting reconvened at 1 p.m. (working lunch).*

(b) The second MOA was between the State Recognized Indian Tribes, the NC Commission of Indian Affairs (NC CIA) and NC Department of Health and Human Services (NC DHHS).
- Both handouts were distributed to the Commission members.
- It was noted that with the support of this Commission a feedback was requested on the two MOA’s. Ms. Bradsher indicated that before the next Commission meeting the plan was to adopt and sign the agreements.
- The Commission was informed that the next step was for the Communities and County Department of Social Services to come together and draft their own MOA (which would identify the specifics about how they want to communicate on an ongoing basis when a real life situation occurs).
- The Indian Child Welfare Committee noted that if they recommend this MOA as a statewide agreement, it would be beneficial for all the American Indian children across the state.

The following was noted:

- Mr. Greg Richardson informed the Commission that Department of Commerce notified that it was best to have two separate agreements (one at the State level and the other at the local level).

- Commission member asked clarifying question if the Tribes were in agreement with the draft MOA.
- Commissioner Welch noted that the Indian Child Welfare Committee has received a response on the second MOA from all the Tribes except one or two. She indicated that the feedback was not listed on the draft.

- Chairwoman Revels needed clarification on “where would the Urban Organizations fit in order to access the support from the Indian Child Welfare?”
“Celebrating over 40 years of Advocacy”

- Commission Welch responded that it would be the responsibility of the enrollment office to communicate with the Department of Social Services to identify the child as an American Indian child.

- Commissioner Lana Dial made a motion to approve the draft Memorandum of Agreement for the Collaboration and Coordination of Placement of American Indian Children as presented. The motion was seconded by Commissioner Daniel Locklear. Motion carried.
- It was noted that the MOA presented recognized that technical changes may occur as a result of the State contract and legal review processes.
- Ms. Bradsher indicated that the second MOA is at the local level and it will be distributed locally as a draft template to have the flexibility to change, based on the local needs.
- Mr. Greg Richardson requested Commissioner Welch and Ms. Bradsher to review the second MOA. He added that the new policy needs to be documented correctly for record purposes.
- Commissioner Welch notified that UNC at Pembroke is interested in hosting a gathering for Indian Child Welfare Issues. Details will be finalized in the near future.
- Chairwoman Revels thanked Commissioner Welch and Ms. Bradsher for their work in drafting the MOA.
