1.0 PURPOSE AND BACKGROUND

This IFB solicits bids for a statewide term contract for pick-up and removal of surplus tire casings from multiple locations of State Agencies and Other Eligible Entities across the State, divided into two geographic regions (East and West). Tire casings offered under this IFB will have been taken out of service due to tread wear or multiple capping that have exceeded applicable requirements for use. Although items offered under this IFB typically will consist of a good, useable casing, the available tread and number of times capped will vary, and no representation is made regarding casing condition or usability. Vendor shall accept and pay for all casings picked up, regardless of condition.

The majority of surplus casings will be picked up from DOT district locations and Local Education Agencies (LEAs, or school districts) but other agencies and Other Eligible Entities may require pick up from time to time; therefore, Vendor must be willing to pick up casings at any location within its service area. Tires offered may include, but are not limited to: Sizes 11 R22.5 and 265/75 R22.5 and a small percentage of 19"and 20" tires. The tires generally are removed from School Buses, DOT Trucks, and various types of Not Defined Heavy Equipment.

The contract will be for a one-year period, with the State having options to renew for up to two additional one-year terms.

Bids shall be submitted in accordance with the terms and conditions of this IFB and any addenda issued hereto.

IMPORTANT NOTE: It is the responsibility of the Vendor to have the signed bid physically in this Office by the specified time and date of opening, regardless of the method of delivery. This is an absolute requirement. The time of delivery will be marked on each bid when received, and any bid received after the bid submission deadline will not be accepted or evaluated. Sealed bids, subject to the conditions made a part hereof, will be received at the address indicated in the table in this Section, for furnishing and delivering the commodity as described herein.

All risk of late arrival due to unanticipated delay—whether delivered by hand, U.S. Postal Service, courier or other delivery service or method—is entirely on the Vendor. Note that the U.S. Postal Service generally does not deliver mail to the street address above, but to the State’s Mail Service Center. Vendors are cautioned that bids sent via U.S. Mail, including Express Mail, may not be delivered by the Mail Service Center to the agency’s purchasing office on the due date in time to meet the bid deadline. All Vendors are urged to take the possibility of delay into account when submitting a bid.

Vendors shall deliver one (1) signed, original executed bid response and one (1) copy of the signed original executed bid, to the address identified in the table in this Section. Include bids in response to this IFB in a sealed package and include no other material. Address package and insert bid number as shown in the table in this Section. A Vendor may bid on one or on both East and West with different pricing.

Bids shall be marked on the outside of the sealed envelope with the Vendor’s name, Bid number and date and time of opening. If Vendor is submitting more than one bid, each bid shall be submitted in separate sealed envelopes and marked accordingly. For delivery purposes, separate sealed bids from a single Vendor may be included in the same outer package.

Attempts to submit a Bid via facsimile (FAX) machine, telephone or electronic means, including but not limited to e-mail, in response to this Invitation for Bids will not be accepted. Bids are subject to rejection unless submitted with the information above included on the outside the sealed bid package.

Critical updated information may be included in Addenda to this IFB. It is important that all Vendors proposing on this IFB periodically check the State’s IPS website for any Addenda that may be issued prior to the bid opening date. All Vendors shall be deemed to have read and understood all information in this IFB and all Addenda thereto.

Contact with anyone working for or with the State regarding this IFB other than the State Contract Administrator named on the face page of this IFB in the manner specified by this IFB shall constitute sufficient grounds for rejection of said Vendor's offer, at the State’s election.

Vendors also are responsible for obtaining and complying with all Addenda and other changes that may be issued in connection with this IFB.

If Vendors have questions, issues, or exceptions regarding any term, condition, instruction or other component within this IFB, those must be submitted as questions in accordance with Section 2.3 BID QUESTIONS. If the State determines
that any changes will be made as a result of the points raised, then such decisions will be communicated in the form of an IFB addendum. The State may also elect to leave open the possibility for later negotiation of specific components of the Contract that have been addressed during the question and answer period. Other than through this process, the State will reject and shall not be required to evaluate or consider any additional or modified terms and conditions or Instructions to Vendor submitted with Vendor’s response. This applies to any language appearing in or attached to the document as part of the Vendor’s response that purports to vary any terms and conditions or Vendors’ instructions herein or to render the bid non-binding or subject to further negotiation. By execution and delivery of a bid in response to this Invitation for Bids, Vendor agrees that any additional or modified terms and conditions, including Instructions to Vendors, whether submitted purposely or inadvertently, shall have no force or effect, and will be disregarded. Noncompliance with, or any attempt to alter or delete, this paragraph shall constitute sufficient grounds to reject Vendor’s bid.

If a Vendor desires modification of the terms and conditions of this solicitation, it is urged and cautioned to inquire during the question period, in accordance with the instructions in Section 2.3 BID QUESTIONS, about whether a specific, proposed modification is acceptable to or will be considered by the State. Identification of objections or exceptions to the State’s terms and conditions in the bid itself shall not be allowed and shall be disregarded or the bid rejected. By executing and submitting its bid in response to this IFB, Vendor understands and agrees that the State may exercise its discretion not to consider any and all proposed modifications a Vendor may request.

3.0 METHOD OF AWARD AND BID EVALUATION PROCESS

3.1 METHOD OF AWARD

All qualified bids will be evaluated and award or awards will be based on the highest compliant bid in each region. While the intent of this IFB is to award a Contract to single vendor for all line items in each of the two regions separately, the State reserves the right to make a single award for both regions, separate awards to different Vendors for one or more line items in a region, to not award one or more line items in one or both regions, or to cancel this IFB in its entirety without awarding a Contract, if it is considered to be most advantageous to the State to do so.

3.2 BID EVALUATION PROCESS

1. Bids are requested on the items and/or services described herein. All information furnished on this bid may be used as a factor in determining the award of this contract.
2. At that date and time specified as the bid opening, the package containing the bids from each responding Vendor will be opened publicly and the name of the Vendor and the price(s) bid announced.
3. The State shall review all Vendor responses to this IFB to confirm that they meet the specifications and requirements of the IFB. The State reserves the right to waive any minor informality or technicality in bids received.
4. For all responses that pass the initial review process, the State will review and assess the Vendors’ pricing. The State may request additional formal responses or submissions from any or all Vendors for the purpose of clarification or to amplify the materials presented in any part of the bid, if needed. Vendors are cautioned, however, that the State is not required to request clarification, and often does not. Therefore, all bids should be complete and reflect the most favorable terms available from the Vendor. Prices bid cannot be altered or modified as part of a clarification.
5. Bids will be evaluated, based on the award criteria identified in Section 3.1 METHOD OF AWARD.

Upon completion of all evaluations, the State will make the Award(s) based on the evaluation and post the award(s) to IPS under the IFB number for this solicitation.

Award of a Contract to one Vendor does not mean that the other bids lacked merit, but that, all factors considered, the selected bid was deemed most advantageous and represented the best value to the State.

Vendors are cautioned that this is an invitation for bids, not a request or an offer to contract, and the State reserves the unqualified right to reject any and all offers at any time if such rejection is deemed to be in the best interest of the State.
NOTE: During the evaluation period and prior to award, all information concerning the bid and evaluation is confidential, and possession of the bids and accompanying information is limited to personnel of the issuing agency and any third parties involved in this procurement process, and to the committee responsible for participating in the evaluation. Any attempt on behalf of a Vendor to gain such confidential information, or to influence the evaluation process (e.g., contact anyone involved in the evaluation, criticize another Vendor, offer any benefit or information not contained in the bid) in any way is a violation of North Carolina purchasing law and regulations and shall constitute sufficient grounds for disqualification of Vendor's offer from further evaluation or consideration in the discretion of the State.

4.0 REQUIREMENTS

This Section lists the requirements related to this IFB. By submitting a bid the Vendor agrees to meet all stated requirements in this Section as well as any other specifications, requirements and terms and conditions stated in this IFB. If a Vendor is unclear about a requirement or specification or a change to a requirement would allow for the State to receive a better bid, the Vendor is urged and cautioned to submit these items in the form of a question during the question and answer period in accordance with Section 2.3.

4.1 CONTRACT TERM

The Contract shall have an initial term of one year, beginning on the date of the Contract award (the "Effective Date"). At the end of the Contract's current term, the State shall have the option, in its sole discretion, to renew the Contract on the same terms and conditions for up to a total of two additional one-year terms. The State will give the Vendor written notice of its intent whether to exercise each option no later than thirty (30) days before the end of the Contract's then-current term. In addition, the State reserves the right to extend a contract term for a period of up to 180 days in 90-day-or-less increments.

4.2 PRICING

Bid price shall constitute the total amount paid to Seller, including all charges for shipping, delivery, handling, administrative and other similar fees that Vendor may incur. Vendor shall not deduct for any amounts not specifically allowed for in this IFB. Complete ATTACHMENT A: PRICING FORM and include with Bid.

4.3 FINANCIAL STABILITY

Each Vendor shall certify it is financially stable by completing the ATTACHMENT F: CERTIFICATION OF FINANCIAL CONDITION. The State is requiring this certification to minimize potential performance issues from Contracting with a Vendor that is financially unstable. From the date of the Certification to the expiration of the Contract, the Vendor shall notify the State within thirty (30) days of any occurrence or condition that materially alters the truth of any statement made in this Certification.

4.4 ESTIMATED QUANTITIES

It is estimated that approximately 4,000, 11R22.5 and 5,500, 285/75 R22.5 and a small amount of other various sizes, will be available annually within each Region. All product quantities listed in the IFB are estimates based on the State's historical and anticipated usage. The State shall not be obligated to provide the amount represented by the estimated quantities herein or any other quantities. Thus, the actual number of casings may be substantially more, or less, than the estimated amounts.

4.5 PRICE ADJUSTMENTS

Prices bid by the Vendor shall be held constant for the initial one-year term of the contract. If the contract is renewed for an additional term, the Vendor may make a request for a price modification once per renewal term.

Price modification requests shall be submitted in writing to the Contract Administrator, which shall include the reason(s) for the request and contain supporting documentation of the need. Price modifications, if allowed, will be negotiated and agreed to by both the State and Vendor in advance of any price increase going into effect. The State is not obligated to accept pricing adjustments and reserves the right to accept or reject them in part or in whole. Price modifications may be requested by the State at any time.
4.6 PERFORMANCE REQUIREMENTS
Vendor shall comply with all Local, State and Federal Regulations related to performing the services within the scope of this contract.

Vendor shall load and transport a minimum of 100 tire casings per pickup.

Each location will notify Vendor regarding the availability of tire casings. Pickups shall be made within ten (10) business days after notification.

Pickups shall be made Monday thru Friday (except State holidays) during the hours 8:00 A.M. to 4:00 P.M.

4.7 ACCOUNTING REQUIREMENTS
Vendor shall provide a pick-up receipt to a responsible person at the pick-up location at the time of pick-up, which shall include at least the following information:

Vendor Information: Name, Address, and Phone #
Pick-Up location: Agency name and address
Total Number of Tires Picked-Up
General size of tire casing ________________ Quantity _____ (list for all sizes picked-up)
General size of tire casing ________________ Quantity _____
Date of Pick-Up
Signature line for both parties to sign
Faxable Copy left at location after Pick-up
A copy of the receipt shall be retained by Vendor for its records

4.8 PAYMENT TERMS
Payment shall be submitted to: State Surplus Property Agency, 1310 Mail Service Center, Raleigh, NC 27699.
Payment shall be made by the 10th of the month for all casings picked up the previous month. Return of casings or credits for poor casing condition shall not be allowed.

4.9 PERFORMANCE BOND
Prior to beginning any pick-ups under this contract, Vendor shall submit a Performance Bond to the State Surplus Property Agency in the amount of $2500.00, paid by Money Order or Cashier’s Check. This Payment will be retained by The State until the Conclusion of the Contract.

ATTACHMENT B: INSTRUCTIONS TO VENDORS

1. **READ, REVIEW AND COMPLY:** It shall be the Vendor’s responsibility to read this entire document, review all enclosures and attachments, and any addenda thereto, and comply with all requirements specified herein, regardless of whether appearing in these Instructions to Vendors or elsewhere in this IFB document.

2. **LATE BIDS:** Late bids, regardless of cause, will not be opened or considered, and will automatically be disqualified from further consideration. It shall be the Vendor’s sole responsibility to ensure delivery at the designated office by the designated time.

3. **ACCEPTANCE AND REJECTION:** The State reserves the right to reject any and all bids, to waive any informality in bids and, unless otherwise specified by the Vendor, to accept any item in the bid. If either a unit price or an extended price is obviously in error and the other is obviously correct, the incorrect price will be disregarded.

4. **BASIS FOR REJECTION:** The State reserves the right to reject any and all offers, in whole or in part, by deeming the offer unsatisfactory as to quality or quantity, delivery, price or service offered, non-compliance with the requirements or intent of this solicitation, lack of competitiveness, error(s) in specifications or indications that revision would be advantageous to the State, cancellation or other changes in the intended project or any other determination that the proposed requirement is no longer needed, circumstances that prevent determination of the best offer, or any other determination that rejection would be in the best interest of the State.

5. **EXECUTION:** Failure to sign the Execution page (second page of the IFB) in the indicated space will render bid non-responsive and it shall be rejected.

6. **ORDER OF PRECEDENCE:** In cases of conflict between specific provisions in this solicitation or in the resulting contract, the order of precedence shall be (high to low) (1) the provisions of sections 1.0 through 4.9 this IFB, and including any negotiated terms; (2) North Carolina General Contract Terms and Conditions in attachment C of the IFB; (3) Instructions To Vendors in Attachment B of the IFB; and (5) Vendor’s Bid.

7. **SUSTAINABILITY:** To support the sustainability efforts of the State of North Carolina we solicit your cooperation in this effort. Pursuant to Executive Order 156 (1999), it is desirable that all responses meet the following:
   - All copies of the bid are printed double sided.
   - All submittals and copies are printed on recycled paper with a minimum post-consumer content of 30%.
   - Unless absolutely necessary, all bids and copies should minimize or eliminate use of non-recyclable or non-reusable materials such as plastic report covers, plastic dividers, vinyl sleeves, and GBC binding. Three-ringed binders, glued materials, paper clips, and staples are acceptable.
   - Materials should be submitted in a format which allows for easy removal, filing and/or recycling of paper and binder materials. Use of oversized paper is strongly discouraged unless necessary for clarity or legibility.

8. **HISTORICALLY UNDERUTILIZED BUSINESSES:** Pursuant to General Statute §143-48 and Executive Order 150 (1999), the State invites and encourages participation in this procurement process by businesses owned by minorities, women, disabled, disabled business enterprises and non-profit work centers for the blind and severely disabled.

9. **CONFIDENTIAL INFORMATION:** To the extent permitted by applicable statutes and rules, the State will maintain confidential trade secrets that the Vendor does not wish disclosed. As a condition to confidential treatment, each page containing trade secret information shall be identified in boldface at the top and bottom as “CONFIDENTIAL” by the Vendor, with specific trade secret information enclosed in boxes or similar indication. Cost information shall not be deemed confidential under any circumstances. Regardless of what a Vendor may label as a trade secret, the determination whether it is or is not entitled to protection will be determined in accordance with G.S. §132-1.2. Any material labeled as confidential constitutes a representation by the Vendor that it has made a reasonable effort in good faith to determine that such material is, in fact, a trade secret under G.S. §132-1.2. Vendors are urged and cautioned to limit the marking of information as a trade secret or as confidential so far as is possible.

10. **MISCELLANEOUS:** Masculine pronouns shall be read to include feminine pronouns, and the singular of any word or phrase shall be read to include the plural and vice versa.
11. **COMMUNICATIONS BY VENDORS:** In submitting its bid, the Vendor agrees not to discuss or otherwise reveal the contents of its bid to any source, government or private, outside of the using or issuing agency until after the award of the Contract or cancellation of this IFB. All Vendors are forbidden from having any communications with the using or issuing agency, or any other representative of the State concerning the subject matter of the IFB, during the evaluation of the bids (i.e., after the public opening of the bids and before the award of the Contract), unless the State directly contacts the Vendor(s) for purposes of seeking clarification or another reason permitted by the solicitation. A Vendor shall not: (a) transmit to the issuing and/or using agency any information concerning the ability or qualifications of any other Vendor regarding the advertised goods or services; (b) identify defects, errors and/or omissions in any other Vendor's bid and/or prices at any time during the procurement process; and/or (c) engage in or attempt any other communication or conduct that could influence the evaluation and/or award of the Contract that is the subject of this IFB. Vendors not in compliance with this provision may be disqualified, in the discretion of the State, from the Contract award. Only those communications with the Division authorized by this IFB are permitted.

12. **INFORMAL COMMENTS:** The State shall not be bound by informal explanations, instructions or information given at any time by anyone on behalf of the State during the competitive process or after award. The State is bound only by information provided in this IFB and in formal Addenda issued through IPS.

13. **TABULATIONS:** Bid tabulations can be electronically retrieved at the Interactive Purchasing System (IPS), [https://www.ips.state.nc.us/ips/BidNumberSearch](https://www.ips.state.nc.us/ips/BidNumberSearch). Click on the IPS BIDS icon, click on Search for Bid, enter the bid number, and then search. Tabulations will normally be available at this website not later than one working day after the bid opening. Lengthy or complex tabulations may be summarized, with other details not made available on IPS, and requests for additional details or information concerning such tabulations cannot be honored.
